Welcome to the third annual Campbell County Volunteer Guide! ServeWyoming is proud to bring you this volunteer resource, which would not be possible without the support of our lead sponsor, Cloud Peak Energy.

Cloud Peak Energy is proud to be a part of the community. The company is headquartered in Gillette, Wyoming and is one of the largest U.S. coal producers and the only pure-play Powder River Basin (PRB) coal company. As one of the safest coal producers in the nation, Cloud Peak Energy mines low sulfur, subbituminous coal and provides logistics supply services. The company owns and operates three surface coal mines in the PRB, the lowest cost major coal producing region in the nation. The Antelope and Cordero Rojo mines are located in Wyoming and the Spring Creek mine is located in Montana. In 2014, Cloud Peak Energy shipped approximately 86 million tons from its three mines to customers located throughout the U.S. and around the world. Cloud Peak Energy also owns rights to substantial undeveloped coal and complementary surface assets in the Northern PRB, further building the company’s long-term position to serve Asian export and domestic customers.

With approximately 1,600 total employees, the company is widely recognized for its exemplary performance in its safety and environmental programs. Cloud Peak Energy is a sustainable fuel supplier for approximately four percent of the nation’s electricity.

Cloud Peak Energy’s neighboring communities play a significant role in the company’s success. Cloud Peak Energy’s employees live in these communities, a large portion of the company’s business activities occur there and the communities are neighbors to their operations. These communities include Douglas, Wright, Gillette and Sheridan, Wyoming; the Billings and Crow Indian Reservation areas in Montana; and Broomfield, Colorado.

Cloud Peak Energy supports the neighboring communities in a number of ways. The company encourages volunteerism among its employees, maintains a matching gifts program, provides a mechanism for organizations to directly approach them for funding and conducts and responds to community needs assessments, which allow community leaders to identify key priorities.

Together with Cloud Peak Energy, the Gillette News Record, the City of Gillette and the Corporation for National and Community Service, ServeWyoming hopes this Guide once again inspires you to get involved and make a difference in your community. So take a look, circle your favorite opportunities, and make the call or send the email that gets you involved! Whether you have one day a week, a month, or a year to volunteer, there is an opportunity that will allow you to make a significant impact on your community!

In Service,
Shelly J. McAlpin
Executive Director,

April doesn’t just bring our first glimpse of spring, it’s also National Volunteer Month! While ServeWyoming believes volunteers should be celebrated every day, this important month reminds us to take the time to formally thank the many individuals that give their time and effort to organizations and causes throughout our wonderful state.

Volunteers are an integral part of the Wyoming community, providing a valuable service to our neighborhoods, schools, health facilities, and community organizations. By generously donating their time and talents to people in need, volunteers positively impact the quality of life of others and strengthen our community. Without volunteers’ selfless assistance, many organizations would not be able to continue providing the valuable services that keep our communities, our state, the country and even our world turning.

Wyoming volunteers make a positive difference in communities all around the state. According to the latest data from the Corporation for National and Community Service, more than 127,020 Wyoming residents reported serving 13.6 million hours of service for a nonprofit or community organization in 2013. This translates to more than $306.3 million in value to communities and organizations throughout Wyoming.

As our state’s governor-appointed commission for service and volunteerism, ServeWyoming strives to build a culture of citizenship, service and responsibility in Wyoming. It is our mission to improve lives and strengthen Wyoming communities through volunteerism. ServeWyoming promotes volunteering and service as a means to strengthen communities through days of service, special initiatives, and community partnerships. We also address community needs by administering AmeriCorps*State funding that allows AmeriCorps members to serve in nonprofit, community-based and educational organizations throughout Wyoming. Read more about the 2014-2015 AmeriCorps Programs ServeWyoming funded on page 5.

In 2007, ServeWyoming launched a program designed to connect potential volunteers with organizations across our state, and to measurably increase the number and effectiveness of volunteers. We call this program Volunteer Wyoming. In 2014, more than 18,000 Wyoming citizens utilized Volunteer Wyoming, resulting in more than 2,993 reported hours of service. These volunteer opportunities are generated through the Professional Volunteer Network, service events such as MLK Day and the 9/11 Day of Remembrance, and through our online matching database, www.volunteerwyoming.org. This database allows individuals to look for and respond to volunteer needs across the state while also allowing organizations to set-up agency profiles, post volunteer needs, promote community events, and even advocate for donations. In December 2014 the site had 1,270 nonprofit agencies active on the site, 2,657 volunteers registered, and 408 volunteer opportunities posted.

Sign up as a volunteer or organization today! Go to www.servewyoming.org, click on “Volunteer Now!” and select “Login/Join” to access the system as a volunteer or as a new or an existing organization. Fill in the information fields and you will be on your way to a great volunteer connection! Volunteers, don’t forget to “Become a Fan” of your favorite nonprofit agencies. By clicking this button on an agency’s page, volunteers will be the first to know when that agency adds a new volunteer need or posts an upcoming event, donation request, etc. See our Volunteer Wyoming ad on the back of this Guide for more information and login instructions!

Remember, April is Volunteer Month, so to all of the volunteers out there, give each other a pat on the back, a sincere ‘thank you,’ and know that you are appreciated, not just in April, but EVERY SINGLE DAY!

Cheers to our Wyoming Volunteers!

GET Pro Bono

Rather than cash grants, ServeWyoming facilitates grants of professional consulting services called “Service Grants.” Awardees are granted the help of one of our pro bono volunteers who work in a variety of fields and are interested in sharing their skills with a qualified nonprofit. The pro bono volunteer will work with your nonprofit for a short-term, specific project designed to build capacity within your nonprofit.

ServeWyoming partners with many organizations doing important work in a range of issue areas. Counties where we are able to offer assistance include: Campbell, Laramie, Natrona, and Sheridan. Unfortunately, our own funding limitations keep us from awarding Service Grants to all organizations that apply and our ability to match you with the services you seek is highly dependent on the availability of professional volunteers. Organizations are strongly encouraged to apply as early as possible, so we may also search for volunteers to fulfill the expertise you seek.

Please visit www.servewyoming.org and click on “Get Pro Bono” to review the grant criteria before you apply. If you have questions regarding our grant criteria or the content of any of our Service Grants, please contact the ServeWyoming office, and we will be happy to answer your questions.

The next grant application cycle is to be decided. Please check our website often for announcements.

GIVE Pro Bono

Are you looking for ways to utilize your skills to make a positive impact on your community? Apply your skills to the greater good. Join ServeWyoming’s Pro Bono Volunteer Network! This is a network of Wyoming professionals who are committed to driving social change in their communities by donating their time and expertise to help build the capacity of local nonprofits. This is a great opportunity to develop skills, teach others and learn more about the nonprofits in your community.

Rather than cash grants, ServeWyoming facilitates grants of professional consulting services called “Service Grants.” Once you have applied, you will be matched when a qualified nonprofit has been awarded a “Service Grant” that requires skills similar to your own. The pro bono volunteer works with the nonprofit on a short-term, specific project designed to build capacity within their organization.

We are able to offer assistance to nonprofits in Campbell, Laramie, Natrona, and Sheridan counties. We are continually looking for ways to expand the program to other counties and are always in need for more professional volunteers willing to donate their time and expertise to a community organization in need. Help us help the wonderful nonprofits that do so much in your counties by applying to Give Pro Bono today!

If you are interested in applying, please go to www.servewyoming.org and click on “Give Pro Bono” or call us at (307) 234-3428.
Need Good Employees?

Hire a National Service Member!

National service develops essential skills that make AmeriCorps and Peace Corps alumni assets for organizations and companies seeking high-quality employees. National service alumni are strong leaders who are motivated, flexible, innovative, and outcome-oriented. They learn quickly and work well on diverse teams.

AmeriCorps and Peace Corps alumni know how to mobilize others to tackle some of the most pressing challenges facing our nation and our world. On a survey at the conclusion of their service, more than three-quarters of AmeriCorps members felt they gained an understanding of the solutions to the challenges faced by communities where they served and that AmeriCorps would improve their performance at a future job.

“If you’re an employer who wants to hire talented, dedicated, patriotic, skilled, tireless, energetic workers, look to AmeriCorps, look to the Peace Corps... Citizens who perform national service are special. You want them on your team.”

– President Obama

Volunteer Tips

• **Spend time researching volunteer opportunities!**
  Try to find a good match between your interests, the amount of time you are willing to volunteer and the organizations that address issues you care about.

• **Choose your level of involvement!**
  You can choose to be involved at a variety of levels, from short-term episodic projects to longer-term skills-based opportunities such as serving on a board of directors.

• **Start with what you know!**
  Are you passionate about the work of a specific organization and want to help them achieve their mission? Do you like leading, coaching or mentoring others? Have you been volunteering a long time and seek more responsibility? Answering these questions can help you determine where and how you want to volunteer.

• **Looking to make some new friends and new connections?**
  Volunteering is a great way for you to meet new people, find like minded individuals, and get more connected with your community.

• **Challenge yourself to continually try new things!**
  Not only does it make life more interesting, but it allows you to add more skills to your repertoire. Ever wondered what it would be like to search for fossils and go on digs? Get in touch with your museum. Always wanted to see what it’s like to be in the limelight? Talk to your local community theater. Are you a huge soccer fan? Be a coach. The possibilities are endless!

• **Volunteer from home (or work)!**
  You don’t have to go to a specific place to volunteer. You can collect food, clothing or pennies and donate them to an organization. Organizing a project for your neighborhood, workplace or family is a flexible way to benefit a nonprofit of your choice.

• **Volunteer as a group!**
  Do you want to build a greater sense of teamwork and strengthen relationships? Talk with the volunteer coordinator at an organization about volunteering with your friends and coworkers. Volunteering together is a great way to build team unity!

Serving those who served us, as well as engaging the talents of our veterans and military families is a strategic priority for ServeWyoming and the Corporation for National and Community Service.

**Veterans are always welcome at ServeWyoming**
Emergency Response
Volunteers Needed!!

Are you ready to help your community?

MAKE A DIFFERENCE IN YOUR COMMUNITY
BEFORE, DURING, AND AFTER A DISASTER!

A major disaster could occur at any moment and quickly overwhelm the capacity of Campbell County’s local response organizations. Recovery of our communities after a disaster is dependent on adequate resources and trained volunteers.

Spontaneous unaffiliated volunteers who show up at disaster sites, though well-meaning, can slow down the response process and place themselves and others at risk.

The pre-registration of potential volunteers enhances your community’s ability to mobilize appropriate emergency response volunteers as needed to assist with an emergency response. By pre-registering with ServeWyoming, Campbell County residents will be prepared to use their valuable skills, talents and experiences when and where they are needed most.

ServeWyoming wants you to:
Get registered BEFORE a disaster strikes!
