Dear Friends of ServeWyoming,

2014 will mark ServeWyoming’s 10th anniversary as an independent non-profit. This milestone is giving us a chance to reflect on our past decade of accomplishments and growth. ServeWyoming is our state’s Commission for National and Community Service. An integral component of our mission is to effectively leverage federal funds to help address critical needs across the state. It’s a unique responsibility. We are the one entity that, by Executive Order, exists for Wyoming to access AmeriCorps funds.

The power of our organization comes through how we manage our resources be it charitable, federal or state dollars and deliver outcome-focused programming. Inside this guide you will find the latest on our various programs: Volunteer Wyoming, AmeriCorps, Disability Inclusion and Emergency Preparedness, including data showing our commitment to improving lives and strengthening Wyoming communities through volunteerism.

As a corner stone of our voluntary advocacy efforts, the following Spring/Summer 2014 Volunteer Guide, serves to encourage members of our community to get out and support a local organization, project, or cause. We strive to make finding your next volunteer opportunity, or even your next job (see p. 22), as easy as possible by connecting you to the local agencies making a difference every day.

We appreciate your support and interest in our work and know that you, our partners, rely on us to deliver results. That responsibility is our constant driver, and we will continue our strong focus on proven approaches and program enhancements to ensure that the next 10 years are just as noteworthy as our first.

Shelly McAlpin
Executive Director,
ServeWyoming

Volunteers are an integral part of the Wyoming community, providing a valuable service to our neighborhoods, schools, health facilities, and community organizations. By generously donating their time and talents to people in need, volunteers positively impact the quality of life of others and strengthen our community. Whether educating children, aiding the ill, enriching culture, protecting the environment, or feeding the hungry, your favorite organization needs your help.

Wyoming volunteers make a positive difference in communities all around the state. According to the latest data from the Corporation for National and Community Service, more than 120,000 Wyoming residents reported serving 14.8 million hours of service for a nonprofit or community organization in 2012. This translates to more than $288.7 million in value to communities and organizations throughout Wyoming.

As our state’s governor-appointed commission for service and volunteerism, ServeWyoming strives to build a culture of citizenship, service and responsibility in Wyoming. It is our mission to improve lives and strengthen Wyoming communities through volunteerism. ServeWyoming promotes volunteering and service as a means to strengthen communities through days of service, special initiatives, and community partnerships. In 2013, 11,609 Wyoming citizens utilized Volunteer Wyoming, resulting in a total of 11,336 reported hours of service. These volunteers contributed $221,505 in value to our state.

11,609 Wyoming citizens utilized Volunteer Wyoming, resulting in a total of 11,336 reported hours of service. These volunteers contributed $221,505 in value to our state.

In 2007, ServeWyoming launched a program designed to connect potential volunteers with organizations across our state, and to measurably increase the number and effectiveness of volunteers. We call this program Volunteer Wyoming. The online matching database, www.volunteerwyoming.org has been a vital part of the program and in October of 2013 we upgraded the system to have a cleaner, more user friendly interface, making it easier to use for volunteers and nonprofit organizations.

**Sign up as a volunteer or organization today!** Go to www.servewyoming.org, click on “Volunteer Now!” and select “Login/Join” to access the system as a volunteer or as a new or existing organization. Fill in the information fields and you will be on your way to a great volunteer connection! Plus, pay attention to a few new features, including video and photo upload options, and the “Become a Fan” button — by clicking this button on an agency’s page, volunteers will be the first to know when that agency adds a new volunteer need or posts an upcoming event, donation request, etc.
Grants assist local communities

The Rocky Mountain Power Foundation helps nonprofit organizations in Wyoming by supporting their efforts in health and social services, culture and arts, civic and community betterment and education. In addition to awarding grants, the foundation matches employee volunteer hours with a monetary donation to eligible organizations and matches employee contributions.

“As a company, it’s important that we help our diverse communities grow and thrive — if they don’t succeed, we don’t succeed,” said Lilisa Hall, foundation executive director.

In Wyoming, recent foundation grant recipients include the following, plus many more not listed:

- Boys & Girls Clubs of Central Wyoming, Glenrock
- Susan G. Komen-Wyoming, Race for the Cure
- ServeWyoming
- Central Wyoming Hospice
- Boys and Girls Club of Carbon County
- Lander Children's Museum

Emergency Response Volunteers Needed!!

Are you ready to help your community?

MAKE A DIFFERENCE IN YOUR COMMUNITY BEFORE, DURING, AND AFTER A DISASTER

A major disaster could occur at any moment and quickly overwhelm the capacity of Natrona County’s local response organizations. Recovery of our communities after a disaster is dependent on adequate resources and trained volunteers.

Spontaneous unaffiliated volunteers who show up at disaster sites, though well-meaning, can slow down the response process and place themselves and others at risk.

The pre-registration of potential volunteers enhances your community’s ability to mobilize appropriate emergency response volunteers as needed to assist with an emergency response. By pre-registering with ServeWyoming, Natrona County residents will be prepared to use their valuable skills, talents and experiences when and where they are needed most.

ServeWyoming wants you to:

Get registered BEFORE a disaster strikes!

To get started, contact ServeWyoming at (307) 234-3428 or go to www.servewyoming.org and click on “Volunteer Now!”
In 1947, when Ethel Percy Andrus, founder of AARP, said the objective is “To serve, not to be served,” she built the foundation of what AARP is all about in one breath: Volunteers. And through Dr. Andrus’ own work she showed how the power of one person with leadership, passion, and vision can impact many lives. Volunteers are the lifeblood of what we do at a state and local level. Without them we could not accomplish what we do. Their efforts include:

**Community Contacts:** Volunteers are the crucial AARP link to our communities. They share with AARP the major issues and concerns that they are hearing from their peers (working or retired) in their own communities. The volunteers build relationships in their communities and develop the partnerships that help AARP ensure we are meeting the needs of the 50 plus population. They often help with educational forums such as recruiting local presenters for the AARP Gray Matters, brain health workshops or small business mentoring. These types of events provide Wyoming’s 50 plus population the opportunity to learn and receive guidance on topics they consider to be a priority.

**Government Relations Team:** Volunteers from across the state work with Wyoming legislators on a variety of issues that impact Wyoming’s 50 plus residents and consumers. Before and during legislative sessions, volunteers contact their legislators in person, by phone or by email to discuss key issues. In coordination with the AARP Wyoming Office, volunteer advocates lobby, place letters to the editor, provide media interviews or share information with their community networks.

**Utility Team volunteers:** Utility rate adjustments can make or break a monthly budget for many people, but especially those who are retired and living on a fixed income. With AARP Wyoming state office support, utility team volunteers monitor local utility rate cases and advocate/testify at local hearings and meetings on behalf of residential utility consumers.

**AARP Driver Safety instructors:** These volunteers provide driver safety classes to individuals who are 55 plus and epitomize the hands-on volunteer community service AARP is known for. Volunteer instructors help drivers improve their driving skills and stay safe on the road. Upon completion of the class, Driver Safety participants are often eligible to receive a discount on their auto insurance.

**AARP Foundation Tax Aide:** Volunteers help people in their communities with income tax preparation. It’s a free and individualized service for people 60 or older who live on low fixed incomes.

**AARP’s annual Day of Service** is the day for staff and volunteers to give their time for their local communities. They pay tribute to fallen heroes by participating in community events like Cheyenne’s National Day of Service to be held on September 13, 2014. AARP will partner with Cheyenne Light, Fuel, & Power and Habitat for Humanity to weatherize homes for low income seniors, families, and/or veterans.

If you are interested in any of the volunteer opportunities described above, please contact the AARP Wyoming Office in Cheyenne toll-free at: 1-866-663-3290 or visit www.aarp.org/wy.

Companies often donate capital to worthy causes. But sometimes the most effective contribution is human capital. That is why a number of companies, including Central Wyoming Property Inspections, are mobilizing their employees for charitable campaigns. Workers volunteer to fix schools, build parks and tutor at neighborhood centers. Not only do these employee programs help the community, but they also boost office morale as employees work together for the common good.

“We have great employees and family members who love to volunteer,” says Toby Peter, owner and manager at Central Wyoming Property Inspections. “They are gung ho.” About 89% of companies have a formal employee volunteer program, according to a recent survey by the Committee Encouraging Corporate Philanthropy. The report found that the competition to attract and retain talented employees encourages companies to offer employee volunteer programs.

Employee volunteerism offers a tangible way for businesses to become more personally invested in tackling social problems, to strengthen employee skills and morale, and to cultivate a more positive and productive business environment.

ServeWyoming Disability Inclusion Team

By Nuriéh Glasgow
Program and Training Officer

The Wyoming Inclusion team is made up of members dedicated to creating a brighter future for people with disabilities, where they are fully and meaningfully included as citizens, volunteers, employees and leaders in a variety of positions in Wyoming. We are committed to encouraging and empowering non-profit organizations to foster a culture of inclusiveness so that members of our communities with disabilities improve their quality of life.

The Inclusion team recently conducted surveys for volunteers and non-profit organizations. Information collected from these two surveys will provide Wyoming non-profits with information, analysis, and feedback from volunteers with and without disabilities, about the overall inclusion climate in Wyoming. We will also use this information to inform the Wyoming Inclusion team of ways in which we may be able to provide resources to Wyoming nonprofits to help strengthen inclusive practices, including training and technical assistance, peer mentoring and future collaboration. The full report is now available on our website, www.servewyoming.org!

We are also looking for new team members. If you are interested in being part of our group or would like more information, please contact Nuriéh at nurieh@servewyoming.org or (307) 234-3428.

Give Pro Bono

Are you looking for ways to utilize your skills to make a positive impact on your community? Apply your skills to the greater good. Join ServeWyoming’s Pro Bono Volunteer Network! This is a network of Wyoming professionals who are committed to driving social change in their communities by donating their time and expertise to help build the capacity of local nonprofits. This is a great opportunity to develop skills, teach others and learn more about the nonprofits in your community.

Rather than cash grants, ServeWyoming facilitates grants of professional consulting services called “Service Grants.” Awardees are granted the help of one of our pro bono volunteers who work in a variety of fields and are interested in sharing their skills with a qualified nonprofit. The pro bono volunteer will work with your nonprofit for a short-term, specific project designed to build capacity within your organization.

ServeWyoming partners with many organizations doing important work in a range of issue areas. Counties where we are able to offer assistance include: Campbell, Laramie, Natrona, and Sheridan. Unfortunately, our own funding limitations keep us from awarding Service Grants to all organizations that apply. Volunteer and land your dream job!

New, groundbreaking research from the Corporation for National and Community Service (CNCS) provides evidence of a relationship between volunteering and finding employment. As a part of CNCS, we are happy to share this report:

The economic downturn that has plagued the United States economy over the last half decade has increased the need for pathways to employment for the millions of Americans struggling to find work. Government leaders, nonprofits, and news media have long provided anecdotal evidence that volunteering can increase employment prospects by helping job seekers learn new skills, expand their networks, and take on leadership roles. Despite this, there has been little quantitative research to date that has established an association between volunteering and finding a job.

CNCS’ new research, “Volunteering as a Pathway to Employment,” provides the most compelling empirical research to date establishing an association between volunteering and employment in the United States.

KEY FINDINGS:

• Volunteers have a 27 percent higher likelihood of finding a job after being out of work than non-volunteers

• Volunteers without a high school diploma have a 51 percent higher likelihood of finding employment

• Volunteers living in rural areas have a 55 percent higher likelihood of finding employment

CNCS also found that volunteering is associated with an increased likelihood of finding employment for all volunteers regardless of a person’s gender, age, ethnicity, geographical area, or the job market conditions.

According to Women’s Health Magazine (Dec. 2013), “People who regularly volunteer have better mental, emotional, and physical health, such as 40% decreased risk for high blood pressure. Other benefits of giving back:

76% say volunteering has made them feel healthier

80% of recent volunteers feel more in control of their health

78% of volunteers report lower stress levels

94% claim volunteering has improved their mood

Since its inception, more than 820,000 men and women have taken the AmeriCorps pledge, serving more than one billion hours and improving the lives of countless Americans.

Every day in communities across America, including Wyoming, AmeriCorps members are making a powerful impact on the most critical issues facing our nation. As 2014 begins, we will recognize the commitment of AmeriCorps members and alumni and highlight the extraordinary impact AmeriCorps has made for 20 years.

“At the end of the day, I realize that giving back is more important than a lot of things I do in my life, so I have to make it a priority.”

~Dominic Rufran,
a University of Wyoming football junior receiver and AmeriCorps member with Greater Wyoming Big Brothers Big Sisters
